Total Quality Assured.

KEY FEATURES:

- **Seamless Ceiling Recessed Design:**

The unit is designed to be integrated directly into the ceiling. The sleek external panel blends with your overhead structure, providing a unique and modern appearance that suits high-end retail, offices, and hotel lobbies.

- **Integrated Air Inlet & Outlet:**

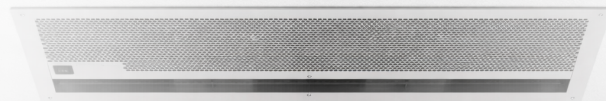

Featuring a unique combined design, the air inlet and outlet system simplifies the installation process. The compact internal structure ensures a stable, even airflow, creating a more effective thermal barrier for indoor environments.

- **High-Efficiency Centrifugal Motor:**

Equipped with a self-produced, high-speed centrifugal volute motor. This system is engineered for low-noise operation and reliable, long-term performance, providing strong power to stop outdoor air infiltration.

- **Flexible Control Modes:**

To ensure ease of use in various locations, the XD series offers multi-control options, including both wireless remote control and wired control configurations.
